

# CONCRETE TROUGHS

## SPECIFICATION SHEET

*Our precast concrete water troughs are finished to an extremely high standard. Troughs have rounded internal corners giving them extra strength.*

All our precast concrete water troughs are reinforced with both steel and fibre for added strength and durability. These concrete water troughs have large drainage bungs which facilitates fast and efficient draining and cleaning. Our troughs do not have inner dividing walls which can cause debris build up and reduces capacity. Clean water is essential for the health of stock.

All our troughs can be supplied with a full flow valve -  $\frac{3}{4}$  inch or  $\frac{1}{2}$  inch and also can be supplied with a high-pressure valve. Even when empty, our concrete water troughs are extremely stable. Concrete water troughs do not distort over time. For easier installation, our larger troughs come with lifting points.

### RANGE SPECIFICATIONS

Description	Capacity	Dimensions	Weight	Code
<b>Top Fill Troughs</b>	20 gallons	812.8mm (32") long x 609.6mm (24") wide x 381mm (15") high	210kg	<b>WTTF20</b>
	40 gallons	1498.6mm (59") long x 609.8mm (24") wide x 381mm (15") high	333kg	<b>WTTF40</b>
	75 gallons	1854.2mm (73") long x 736mm (29") wide x 444.5mm (17.5") high	475kg	<b>WTTF75</b>
	150 gallons	1930.4mm (76") long x 914.4mm (36") wide x 622mm (24.5") high	890kg	<b>WTTF150</b>
	225 gallons	2133.6mm (84") long x 1117.6mm (44") wide x 685.6mm (27") high	1180kg	<b>WTTF225</b>
	300 gallons	2286mm (90") long x 1270mm (50") wide x 730.25mm (28.75") high	1400kg	<b>WTTF300</b>
	400 gallons	2921mm (115") long x 1270mm (50") wide x 730.25mm (28.75") high	1750kg	<b>WTTF400</b>
<b>In House Drinkers</b>	70 gallons	2011.68mm (79") long x 609.8mm (24") wide x 800.1mm (31.5") high		<b>WT8110</b>
	140 gallons	3992.88mm (157") long x 609.8mm (24") wide x 800.1mm (31.5") high		<b>WT8120</b>
<b>Trough Supports</b>		460mm (19") wide		<b>WTS10</b>
		600mm (23.6") wide		<b>WTS20</b>
<b>Low Wide Feed Troughs</b>		610mm (24") wide		<b>WT8130</b>
		864mm (34") wide		<b>WT8140</b>

**AVAILABLE IN A RANGE OF SPECS & SIZES - ALL INCLUDING BALL VALVE**
