LARGE WATER TROUGHS
SPECIFICATION SHEET

Large Livestock Water Trough
Large livestock water troughs are 610mm (2’0”) wide x 610mm (2’0”) deep.

These larger galvanised water troughs are ideal for larger livestock, dairy herds or where larger volumes of water are required such as allotments.

*Please note* - Service box for housing the ball valve assembly is available separately. Service box can be installed centrally or end fitted. Three wrap round brackets provide a strong fitting.

Drain plug
- Includes a 10mm drain plug bung as standard

Key Benefits & Features
- Manufactured in 1.6mm flat steel sheet folded, welded and then galvanised to BSEN ISO 1461
- Hot dip galvanised after manufacture for long life
- 30mm roll top trough for added strength & stability
- Strong roll top lip for added strength
- Moveable ball valve housing (service box) with three securing brackets
- Extensive range stocked from 0.5ltr to 2742ltrs
- WRAS compliant
